Hayley Weber**

Diary Dates

A Word From the Principal

Welcome to the start of the school year. It has been wonderful to see so many students at school ready to start a new year of learning. I would like to thank the students, families, staff for the very warm welcome I have received into the school community. The welcoming, friendly and respectful culture at the school is something you can all be very proud of. I am looking forward to getting to know you all and as this is a priority of mine I encourage you to call into the office, stop and have a chat in the yard or in the community at anytime.

We would like to offer a very special welcome to our new receptions, our new families who have enrolled with us this year and our new staff. We hope that you enjoy your time with us and we look forward to working together to grow our students and one another from Good to Great.

We have all made a great start to the year with teachers planning and preparing lessons and most students making the effort to come to school everyday. Students have been attending swimming lessons this week and it certainly has been the weather for it. Thank you to our staff for braving the hot weather to supervise our students during swimming.

Parents and Guardians are more than welcome to come into the school as a volunteer. The Canteen are always looking for extra help and our students enjoy reading to adults which greatly helps improve the literacy skills of our students. Governing Council also meets twice a term and is an opportunity for you to discuss and make decisions regarding school matters.

Kind Regards

Linda
