

2023 School Improvement Plan Summary

Willsden Primary School

Goals	Targets	Challenge of Practice	Success Criteria
To increase student achievement in Numeracy.	2022: 2023: 7(29%) students in Year 3 will achieve the SEA or above in Numeracy NAPLAN. 4 (26%) students in Year 5 will achieve SEA in Numeracy NAPLAN 2024: 3 (14%) students will achieve the SEA or above in Year 3 in Numeracy NAPLAN. 5 (33%) students in Year 5 will achieve the SEA or above in Numeracy NAPLAN.	If we structure whole school Math lessons to achieve consistent evidence-based teaching, we will improve student numeracy achievement.	We will see early year's students demonstrating a deep understanding of the fundamental concepts of number. We will see each student demonstrating number computational strategies relative to their year level including demonstrating problem solving and reasoning.
	2022: 2023: 8 (33%) Year 3 students will reach the SEA or above in Reading NAPLAN. 8 (32%) Year 5 students will achieve SEA or above in Reading NAPLAN. 2024: 5 (23%) students in Year 3 will achieve the SEA or above in Reading NAPLAN. 5 (23%) students in Year 5 will achieve the SEA or above in Reading NAPLAN.		
To increase student achievement in Literacy.
